The Cheney Church Troubles—Rev. Mr.

Tyng to the Fore.

CHICAGO, June 5.—Rev. S. H. Tyng, Jr., of
New York, who preached yesterday for Mr.
Cheney, had previously received a note from
Bishop Whitehouse notifying him of Cheney's deposition and reminding of the canon for bidding participation in services with deposed clergymen. Mr. Tyng paid no heed to the let-ter, but preached both sermons, Cheney reading the morning and evening services for him, and the two gentlemen uniting and administering the Eucharist. The congregation was the largest ever assembled in Christ Church.

In the evening even the chancel and vestry were crowded, and hundreds were obliged to go away, unable to obtain even standing room. In the morning sermen no allusions were made to the existing troubles, but is the evening the sermon bore more directly upon them, the text being:—"Jesus heard they had cast him out, and when He had found him He said unto him, Dost thou believe in the Son of God?"-John

Mr. Tyng, among other things, said, when the Church interferes with the rights of indi-vidual conscience, illuminated by the word of God and liberty of the Christian in his relations to His word, then the Church becomes Anti-christ, for it assumes the functions of Christ, and substitutes itself in Christ's stead.

At such a time of apostacy from Christ and His truth, it is a blessing to be excommunicated, for the "cast-outs" of the Church are found the followers of Christ. This passage was received with applause, which Mr. Tyng immediately checked, reminding his auditors that they were in the Church of God, and not in a lecture-

Mr. Tyng concluded by exhorting his hearers to hold fast to the old Catholic doctrine:-"In essentials unity (in non-essentials liberty), in all thinge charity."

Fatal Accident. MILWAUKEE, June 5 .- Byron R. Squires, an old telegrapher, formerly superintendent of the telegraph lines from St. Louis to St. Paul, fell from a train on the Northern Pacific road last Friday, and was fatally injured.

EROM BALTIMORE.

The Typographical Convention-Election of Officers.
BALTIMORE, June 5.-M. R. Walsh, of New

York, was elected First Vice-President. and J. A. Cushley, of Baltimore, Second Vice-President. John Collins, of Cincinnati, was reelected Secretary and Treasurer by acclamation, and Frederick K. Tracey, of Chicago, Corresponding Secretary.

The Convention then at 1.45 P. M. adjourned

till 3 o'clock. Baltimore and Ohio Railroad Company, Fisher & Son, bankers of this city, to day purchased from the proper State authorities between five thousand and five thousand five bundred shares of common stock of the Balti-more and Ohio Railroad Company, being the

of the road, at \$140 per share. The sale was made under an act of the last session of the Legislature to meet the indebt-ness of the State on bonds matured in January last. By this sale the State will lose two directors of the company, and the amount realized by the sale of common stock being insufficient to pay the bonds matured, a further sale of preferred stock owned by the State will probably be necessary, when the State will lose more directers of the company.

FROM WASHINGTON.

Important to Shippers.

WASHINGTON, June 5 .- The Secretary of the Treasury will soon issue a circular to customs officers requiring them to enforce the laws of Congress requiring all vessels in the coasting trade, whether sailing from pert to port within a district, or from one district to another, to be supplied with a manifest. There having been much neglect among collectors in various ports in enforcing the law in this regard, particularly so where vessels trade between ports with cargoes consisting of a single article of commerce, the Secretary has determined to apply the same rule to all, requiring all masters of vessels to produce a manifest whenever called upon to do so.

FROM THE DOMINION.

The San Juan Question. TORONTO, June 5.—The Canadian papers ridi-cule the report telegraphed from Berlin, to the effect that Emperor William has decided the San Juan question in favor of the United States. As the treaty referring this matter to his arbi-tration has not yet been fully ratified, arbitration on any question is of course yet impossible.

FROM NEW ENGLAND.

The Indian Visitors. Boston, June 5 .- The Indian visitors called on Mayor Gaston to-day, and were subsequently treated to a harbor-steamboat excursion.

CENTENNIAL OF SIR WALTER SCOTT.

The Statue in Central Park - A Great Observance of the Event to be Made.

The various Scottish societies of this city will on the 15th of August next celebrate the centennial of the poet and nevellst, Sir Walter Scott. Already several thousand dollars have been subscribed towards the erection of a suitable statue in his memory, and the following named societies have formed themselves inte an organization to complete the necessary arrangements:— The St. Andrew's Society, the New York Caledonian Club, the Hudson County Caledonian Club, the Thistle Benevelent Association, the New York Burns Club, the Brooklyn and New-ark Caledonia Clubs, and the Staten Island

It has been resolved that the pertrait of the nevelist with which the statue is to be adorned shall be a fac-simile of that on the monument in Prince's Gardens, Edinburgh. The statue will be of bronze, and will represent Scott in a sitat his feet. It will be eight feet six inches nigh, and will be placed on a superb pedestal of Aber-deen granite. The cost of it is estimated at

\$15,000 to \$20,000 The Central Park Commissioners have granted the committee the privilege of selecting any site they please in the park for the statue, and it has been resolved to lay the corner-stone on the 15th of August, when as many as possible of the Scottish societies will parade in Highland costume .- N. POLITICS ON THE PLAINS.

New Combinations and Movements in Utah. From the San Francisco Bulletin, May 27.

Every one is tolerably conversant with late occurrences in Utah. The Gentile miners and other inhabitants, who are quite numerous in the Territory, have finally become alive to the situation, and, with growing numbers, have gained confidence. They have discarded all the party ties of Republicanism and Democracy, which divide the people elsewhere, and have united themselves into a Liberal organization, for the purpose of premoting the election of anti-Mormon members to the next Legislature, and of supporting the United States authorities in enfercing the laws of the country. To this end the nucleus of the organization known as the Territorial Central Committee of the Liberal party held a meeting in Salt Lake City on the 20th instant. J. Milton Orr was appointed chairman, and Judge Spicer, secretary, when the following resolution was unanimously adopted:-

Resolved, That county or district committees in each district of the Territory are requested to hold a convention, for the purpose of appointing Coun-cilmen for the next Legislature, on the last Monday of June (28th), 1871, and to report such nominations to the chairman of this committee, and also what assistance, if any, they may need for election pur-

A committee was appointed to prepare an address to the people of the Territory, previous to the August election; and it was also decided that the Fourth of July should be celebrated with appropriate ceremonies.

OITY ORDINANCES.

A NORDINANCE For the Government and Protection of the Department for Supplying the City with Water.

Section 1. The Select and Common Councils of the city of Philadelphia do ordain. That if any plumber or other person shall, without a permit from the Register of the department for supplying the city with water, introduce a fer-rule into any public or private pipes, or form any connection or communication whatever with said pipes, or break ground for that or any other similar purpose in the public streets or alleys, or introduce or use a ferrule of a larger diameter than is specified in such permit, such person so offending shall forfeit and pay for each and every such offense the sum of fifty dollars; and for every day's continuance of such offense after notice the sum of one dollar. And no plumber or other person guilty of any of the said offenses shall be entitled to receive any permit for the introduction of water on any premises whatever until such penalty shall be

Section 2. Every person that may be supplied with the water from any of the city water works from a branch to be hereafter connected with a private pipe, shall have a sufficient stop-cock affixed to the said branch, as near as conveniently may be to the private pipe aforesaid, so as to step the supply of water through the said branch when requisite, and not interrupt the supply to other persons having the right to use the pipe with which such connection may be formed; and every person who may hereafter be supplied with water from a private pipe having a branch or branches connected therewith as aforesaid, shall in like manner have a sufficient stop-cock affixed to such private pipe, above the said branch or branches, for the purpose aforesaid; and in case of neglect or refusal to have such sufficient step-ceck affixed as aforesaid, every person so offending shall forfeit and pay the sum of five dollars.

Section 3. All plumbers or other persons employed to lay branch pipes, communications with private pipes, or private pipes having a branch or branches as aforesaid, or to alter or repair such branch pipes or private pipes as aforesaid. said, are required and enjoined to affix to such branch pipes and private pipes sufficient stopcocks with proper openings to the same, walled up and covered as hereinalter mentioned, under the penalty of ten dollars for every neglect

Section 4. Over every stop-cock hereafter placed either within the limits of any footway or in the manner hereinbefore specified, there shall be left an opening of at least three inches square, which shall be walled up with brick or stone and securely covered with the same kind of material or with iron, in such manner as that the situation of the said stop-cock may be readily distinguished, which covering, if placed in any public street or alley, shall be even with the surrounding pavement; and if the owner or oc-cupier of any building, lot of ground, or pre-mises into which the water may have been introduced, shall neglect to comply with this prorision, or shall knowingly suffer such opening, if in any public street or alley, to remain un-covered after notice to such owner or occupier, he, she, or they so offending shall forfeit and pay for each offense the sum of ten dollars.

Section 5. Any person or persons selling water or offering the same for sale shall forfeit and pay a penalty of five dollars for each and

Section 6. All permits hereafter issued for the Section 6. All permits bereater introduction of washpaves shall contain a proviso that the same shall be constructed so the water may be checked by a stop-cock in the street, and any person who shall construct, or cause to be constructed, a washpave without having a stop-coek that may be used from the street, shall be liable to a penalty of twenty del-lars for each and every such offense. Section 7. That washpaves shall not be used

for any purpose whatever from the first of May to the first day of October in each year, between the hours of 8 o'clock A. M. and 7 o'clock P. M., under a penalty of five dollars for each and

every such offense. Section 8. That no permit shall issue for the introduction of the water or the extension of any pipe used for the conveyance of such water in any premises until the owner of such premises, or his or her authorized agent, shall given his or her consent thereto in

writing. Section 9. That all persons who may intend to discontinue the use of the water shall give notice thereof to the Register of the Water Department, at the office of the Regis-ter, on or before the thirtieth day of November in any year, and on their failure so to do shall be chargeable with and pay the whole

rent for the year next ensuing. Section 10. In case information shall be lodged with the Chief Engineer of the Water Works, of the actual or probable evasion or disregard of the provisions of any ordinances re-lating to the distribution of water in any building, lot of ground, or premises into or through which pipes for conducting a supply of water may be laid, it shall and may be lawful for the Chief Engineer of the Water Works, and such other persons as may be lawfully empowered for the purpose by the Chief Engineer of the Water Works, to enter at all seasonable times in such building, lot of ground, or premises, for the purpose of examining the pipes of conduit, and ascertaining whether the same, and the cocks or fixtures thereof, are in proper order and re-pair, and for cutting off the pipes of communi-cations where delinquencies occur in the payment of the water rent; and any person who shall obstruct or oppose either of the officers aforesaid, or other person duly empowered as aforesaid, in making such examination, shall forfeit and pay for each offense the sum of

twenty dollars.
Section 11. The said Chief Engineer, or the person authorized by him as aforesaid, shall be authorized to inquire at any dwelling or other place where any unpecessary waste of water proceeds, into the cause of the same, and if said waste proceeds from want of repair in the pipes or other fixtures, and if the owner of said dwelling or place shall neglect or refuse, upon twenty_four hours' written notice being given, to have the necessary repairs made forthwith, the Chief Engineer shall be and he is authorized and empowered to shut off the water leading to such place or dwelling, and any person who shall let on the water before the necessary repairs are made shall forfeit and pay the sum of five dollars.

Section 12. If any person shall permit the water to flow unnecessarily from any part of a private pipe or the fixtures thereof, on his or her premises, or the premises by him or her occupied, either within a building or enclosure. or on any street, court, or alley, such person shall forfeit and pay for each offense the sum of five dollars. And in all cases where several premises receive a supply of water by branches, hydrants, or other fixtures uniting with a private common pipe, each and every person who may so receive the water shall be bound to keep such common pipe in repair, and in case of waste by a leak or leaks therefrom, shall be severally liable for the penalty above inflicted; and if at any time it shall be necessary to repair a private pipe within the limits of a cartway of any public street, court, or alley, a permit shall be first taken out for so doing, and the expense for repaying shall be paid by such owner or occupier. Section 13. Whenever an attachment of a pri-

vate pipe is required to be made to the iron main, notice thereof shall be given to the Chief Engineer of the department for supplying the city with water, one day, at least, previous to breaking the ground for that purpose, and the said Chief Engineer shall provide and furnish a ferrule of a size for which a permit has been granted, and shall shut off the water to drill the opening into the said iron main and insert therein the said ferrule; and the sum of two dollars as compensation for said ferrule and service shall be paid to the Register before said service shall be performed. Provided nevertheless. That the sum of two dollars as a compensation for said ferrule and service shall not be required from such persons whose ferrules have been or shall be detached in order to lay the iron main. Section 14. All private pipes conveying the water shall be laid the same depth as the main in the street from said main to the stopcock of said private pipe on the foot way, and five feet of lead pipe of not more than

OITY ORDINANCES.

one-eighth of an inch in diameter larger than the ferrule must be laid between the ferrule and any iron or other larger pipe used to supply the premises; and every plumber or other person employed in laying such private pipes shall for each neglect of the provisions herein contained, be fined the sum of five dollars, and be liable for the expense incurred in taking up and relaying sald private pipe of the required depth.

Section 15. In case any plumber or other per socion io. In case any plumber or other person shall open or close any of the public stop-cocks of the pipes of conduit in the streets, without being duly authorized by the Chief Engineer of the department for supplying the city with water, he shall forfeit and pay the sum of ten dollars for each and every

Section 16. Not more than one house shall hereafter be supplied with water from one ferrule, except by special permission, and when-ever two or more houses shall have been thus supplied previous to the passage of this ordi-nance, and any one of such houses shall be delinquent in payment of water rent, or have leaky fixtures on the premises, it shall be lawful to cat off the supply by detaching the pipe of the delinquent or leaky premises until the leaky fixtures are repaired, the delinquent rent and all expense of detaching and reattaching paid, without any liability or claim whatever against the city by reason of such shutting off of the water.

Section 17. All persons who may be supplied with the water from any of the city water works shall keep their own service-pipe, stop-cocks, and apparatus in good order and repair, and protected from frost at their own risk and expense, and shall prevent all unnecessary waste of water, and it is expressly stipulated that no claim shall be made against the city by reason of the breaking of any service-pipe, or service-cock, or from damage arising from shutting off water to repair main or make private connec

tions with the same. Section 18. In all cases where the water has been turned off for non-payment of water rent, or for violation of any of the provisions of the ordinance, it shall not be turned on again until all expenses attending the said turning off of the water, together with the rent and penalty that may be due, be paid; if it is found that the water has been turned on again without compliance with the above requirements, it shall be lawful for the Purveyor to cause the ferrule to be drawn, and it shall not be inserted again until all back rents and penalties are paid, and five dollars for drawing and replacing the fer-

Section 19. Any person or persons who shall open and use any fire-plug for building purposes, street sprinkling; or supply of shipping, or shall permit any plug to be so used by any person in his or their employ for any purpose whatever, except in case of fire in the neighborhood, without a permit for that purpose, shall forfeit and pay a penalty of five dollars for the first, and fifteen dollars for each offense there-

Section 20. Any person or persons who have been permitted to introduce upon his, her, or their premises a fire-plug for the protection of their property from fire who shall use or permit the same to be used for sprinkling or washing the yards or street, filling wells, boilers, tanks or for any purpose whatever except its legiti-mate use—for the extinguishment of fires—shall forfelt and pay a fine of twenty dollars for the first offense, and upon a repetition of said offense, the Chief Engineer shall be authorized to detach the connection of said plug from the main, notwithstanding the cost of the introduction of the said plug was paid by the

said parties.

Section 21. Any person who shall obstruct the access to any fire-plug, stop-cock, or other fix-ture connected with the supply of water to the city, by placing thereon stone, brick, lumber, dirt, or any other material, or who shall permit any such material to be placed thereon by those in his employ, shall be subject to a penalty of twenty-five dollars for each offense, and an ad-ditional sum of ten dollars for each day the same shall be continued after notice for the removal of such obstruction shall have served, and pay all expenses of removal. Any carter, teamster, builder, fireman, or other persen doing damage to any fire-plug, stop-cock, or other fixture connected with the supply of water to the city shall incur a penalty of dollars for each offense, and pay the cost of repairs made necessary by reason of the damage

Section 23. Any person or persons allowing water to flow into and from any horse-trough or other fixture used for watering horses when not in actual use, shall forfeit and pay a penalty of

five dollars for each and every offense. Section 23. Whenever it shall be considered necessary to accurately determine the quantity of water used by manufacturers, distillers, hotels or other large consumers, other than private houses, the Chief Engineer shall attach meters to the several pipes supplying the premises, to which meter the officers of the Department shall have access at all reasonable times, as provided by section 10 of this ordinance.

Section 24. Whenever any person shall discontinue the use of the water agreeably to the provisions of this ordinance, it shall be the duty of the Register immediately to make a report thereof in writing to the Chief Engineer, who. on receiving the same, shall cause the ferrule of such person so discontinuing as aforesaid to be detached from the pipe of conduit.

Section 25. Whenever any person shall notify

his intention to discontinue the use of the water, he shall pay to the Register of the De-partment for supplying the city with water, for the charges of detaching the ferrule from the pipe of conduit, and the expense of repaving over the water-pipe, as follows, to wit:-Where the ferrule is detached from a public iron condult, two dollars and fifty cents; and until such payment is made he shall not be permitted to discontinue the use of the water aforesaid. Section 26.
